

CONFERENCE PROGRAMME

This is 1st Draft. 2nd and final Draft by August 31st, 2010.

The core concept behind the theme is to showcase Medical/Health facilities and capacity in Kenya and encourage the population to make use of these facilities and expertise rather than seek medical care abroad. The event targets to bring together Hospitals, Pharmaceutical Companies, Medical Insurance Companies, Diagnostic Centres, Specialist Clinics and Medical Specialists to showcase their equipment, products and services. Visitors to be invited to the event will include Kenyan families, Medical specialists from the East Africa Community, Healthcare administrators/proprietors, the Diplomatic community in East Africa, Academia, Non-Governmental agencies in healthcare, Senior leadership from Government ministries & departments and the private sector.

The focus this year is on **Cancer, Hypertension, Diabetes** and other related ailments.
